### Core Competencies

EmV Design Build is a Certified DBE, SBE, WBE company with a highly competent professional design and construction service team with over 12 years experience in both commercial and residential interior design and remodeling projects.

We specialize in turning professional and residential environments into sustainable and functional spaces, creating exceptional environments, which increases employee productivity and client satisfaction.

Our Team understands that meticulous attention to detail is just as important as the project's overall success. Careful analysis of cost effective and lasting design solutions-where function, space, color, textures and furnishings stand the test of time.
